

# Personalized Cancer Vaccine Order Form

I  (Vet's name), DVM have reviewed the Ontottack™ Process for preparing Personalized Cancer Vaccine and believe that a vaccine made from the tumor mass of my patient,  (Pet's name), whose owner is  (Pet owner's name) may benefit from this vaccine if administered according to the protocol suggested by Oncottack™ Process.

I understand that PCVs are patient-specific, and therefore not like a manufactured drug. In this regard their efficacy not only depends on the age of cancer but also on the immune status of the patient.

I will pay for the order either by a  
Credit Card by calling Vivastem Laboratories at 312-231-4520

Or

Enclosing a check to:

Vivastem Laboratories, LLC
